1985 – Seductive and Haunting

REDS

Pretty evolved colour. On the nose, intense and complex aromas with animal and spicy notes. The wines are full-bodied but without heaviness, well-balanced, refined and long on the palate. Soft tannins. A very good year that is seemingly evolving according to cycles: at times, the wines seem to be open, ready to be consumed; at other times, they show a lot of freshness and vitality. The wonderful magic of the Burgundy terroirs is here!
